

Mike Brasovan  
Candidate, United State House

Dear Mr. Basovan,

As we consider the issues facing our nation, none is more fundamental than controlling spending. It is through the power of the wallet – or, more directly, the power of government to reach into the peoples’ wallets – the federal government directly and often inappropriately touches into every aspect of life in direct contradiction to our Constitution.

You have laid out a commonsense plan for putting – and keeping – government on a strict diet. For the sake of our children, grandchildren and the future of our great Republic, I encourage you to continue the fight in Congress you have so ably begun on the campaign trail.

The people of House District 12 would be well served to vote for you in the March 2 primary. Please accept my endorsement in the race.

Respectfully,

Michael Quinn Sullivan  
President, Texans for Fiscal Responsibility
