Ft. Worth, TX- Mike Brasovan (R) Conservative Candidate for Congressional District 12 has been endorsed by Texas Camera Fraud. The organization is against the use of Red Light Cameras in Texas.

Texas Camera Fraud proudly announced their endorsement of Brasovan on their website. Their endorsement was released in 6 states last week. The group is preparing to enter 11 more states after February 1, 2010.

“Let us band together to take back our constitutional rights and restore Texas to its former greatness,” said Texas Camera Fraud, Robert Harris, “Mike Brasovan is focused on supporting the constitutional rights of Texans. He is against the use of Red Light Cameras in Texas.”

“I appreciate the support of the Texas Camera Fraud group. I will not be supporting the federal funding of these projects, and could see putting in a line item in a future transportation bill that keeps any federal money from being used for these purposes,” said Brasovan, “I don’t think it is Congress’ place to step in and legislate more rules regarding this issue,” said Brasovan.

“VOTE MIKE for U.S. Congress District 12,” said Harris, “Mike believes in God, Family, and the Constitution!”
